

ClearVision POD Suite

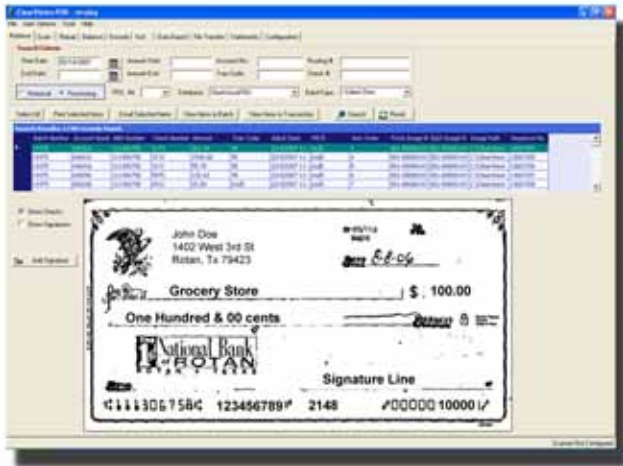

Proof of Deposit

<http://www.clearvisiontechnologies.com>

The *ClearVision POD Suite* is a fully image-based proof of deposit package. *ClearVision POD* utilizes a user-friendly interface that is fully customizable for your banking operations. This intuitive approach allows for a seamless integration into your banking operations. Institutions may use as many scanners and research stations as is necessary. With *ClearVision POD*, images are immediately available for proof, statements are rendered locally, and images are available throughout your organization for research.

"Our relationship with ClearVision Technologies is all about their services. The team at ClearVision is wonderful. You will feel very confident that they will always be there if you need a simple question answered, their technical help, or for products to enhance your business. Here's why I like the ClearVision Suite of products: they are user friendly, well designed, and easy to navigate. Without a doubt, we've selected the best possible software in the industry for our business. Financial institutions and other business alike will significantly enhance their abilities to better serve customers and to get a foot in on the competition."
